

UP36-46

VACUUM CLEANERS

The best solution
for the vacuuming of carpet floors

 **FIMAP**[®]

UP36-46

The upright vacuum cleaner UP36-46 is ideal for the daily vacuuming of carpets and fabrics. It is the perfect solution for specialized cleaning contractors, for professionals operating in hospitals, conference halls and offices. It is available with 2 working widths, 36 and 46 cm, to clean also wider environments such as big halls with carpet floors.

The bristle height can be adjusted at three levels to adapt the brush to different types of carpets. A soft brush is also available for the vacuuming of particularly fine carpets.

An indicator light shows when the filter needs to be changed, or if the vacuum nozzle is clogged. The 12.5 m cord allows to comfortably work even in wide rooms or in long corridors.

UP36-46 can be equipped with HEPA filters that can remove up to 99% particles of 0.3 micron.

UP36-46 is equipped with a suction tube with ergonomic handle to clean also gaps difficult to reach, and a kit of nozzles to meet more specific cleaning needs
